ABOUT THE INSTITUTE OF CERTIFIED PUBLIC ACCOUNTANTS OF UGANDA

The Institute of Certified Public Accountants of Uganda (ICPAU) is the national Professional Accountancy Organisation. ICPAU was established in 1992 by the Accountants Act, Cap. 294. The functions of the Institute as prescribed by the Accountants Act, 2013 are: to regulate and maintain the standard of accountancy in Uganda; and to prescribe and regulate the conduct of accountants and practising accountants in Uganda.

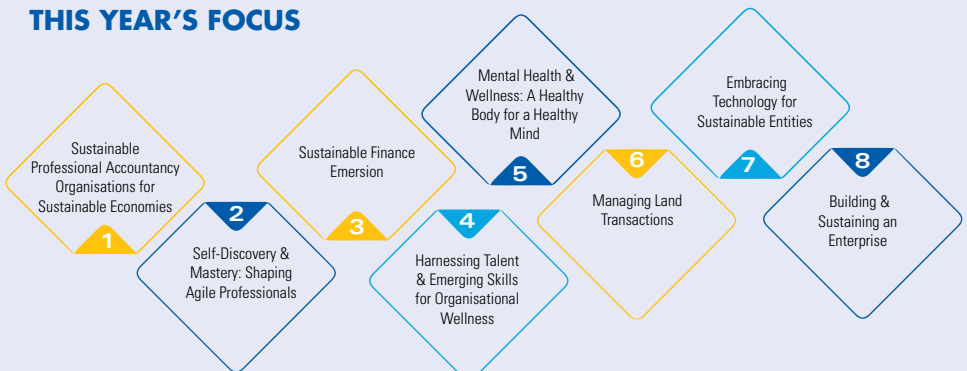

ABOUT THE ICPAU ANNUAL SEMINAR

The ICPAU Annual Seminar was introduced to provide an avenue for accountants to acquire knowledge in non-technical fields such as health, personal finance, business, relationships, and parenting among other areas. It is the largest symposium of accountants in Uganda, attracting over 1,700 professionals as it imparts leadership, technical and non-technical skills. Continuing Professional Development (CPD) is an integral part of the accountant's advancement.

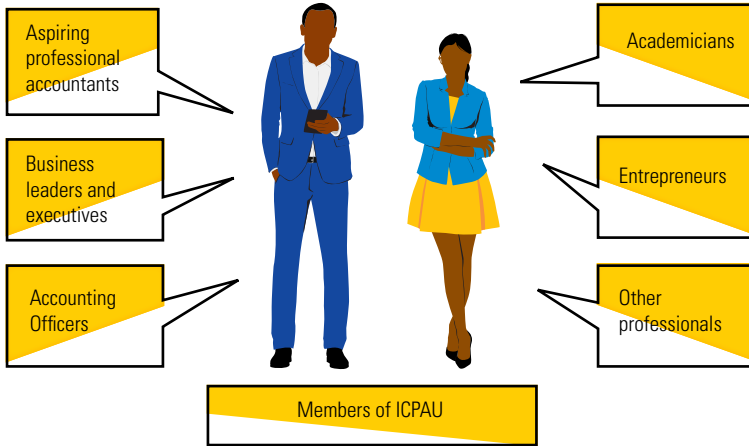

DRIVING SUSTAINABILITY & TRUST

The theme Driving Sustainability & Trust emphasises the crucial role of accountants in fostering sustainable practices and enhancing trust in the accountancy profession. It highlights the importance of integrating sustainable development goals into business strategies, ensuring long-term economic, social, and environmental benefits. At the 29th ICPAU Annual Seminar, participants will discuss the necessity for transparency, ethical practices, and accountability to maintain and enhance trust among stakeholders, thereby reinforcing the profession's integrity and its pivotal role in societal advancement.
